USER GUIDE
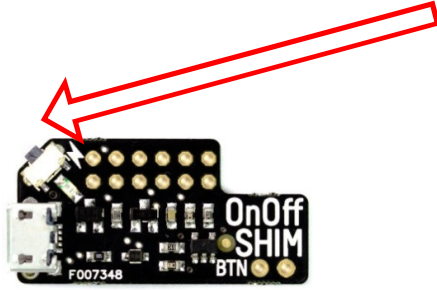

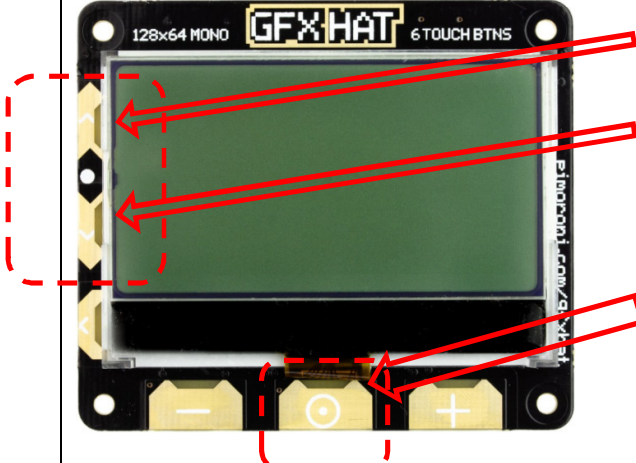

The device offers the opportunity to play one of a number of audio recordings of 550 Squadron veterans.
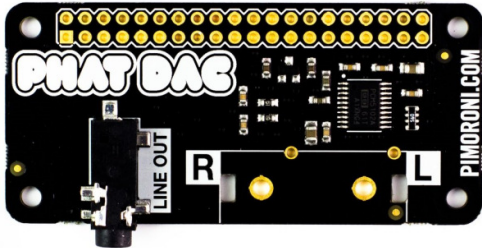

Switch ON/OFF

	ON/OFF switch **Switch ON:** When device off. Press button (indicated) briefly. Red LED will come on. Green LED will flicker. [LEDs are situated at the lower left hand side, and too the rear, of the device.] Start-up takes up to one minute (to display of menu). **Switch OFF:** When device is already on and functioning (i.e. menu displayed on screen). Press ON/OFF button and hold for 1-2 seconds. Green LED will flicker. When the device shuts down safely it will power off and both LEDs will be extinguished.

Display Screen - Menu Selection

	A menu of items is displayed on start-up. The up/down arrows can be used to move up and down the menu. Then, when current on a particular item, that item can be selected to play. Select menu item: Select an item by moving the up/down buttons Play selected Item: Play the indicated item on the menu by pressing the SELECT button shown. At any point during "play" you can move to another item and opt to run/play that instead.

Audio Device

	Either: plug to external speakers (LINE OUT) Or: plug to amplifier/system (red/white R/L) No user action necessary.
